Statement of Substance of Interview

SIR:

In response to the Interview Summary mailed on April 14, 2008, please enter the following remarks into the file for the above-identified application.

The courtesies extended by Examiner Michele Flood to the undersigned during the telephonic interview of April 11, 2008 to discuss the Office's abandonment of the application are greatly appreciated.

In the Interview, the undersigned inquired about why the Office mailed a Notice of Abandonment for the application on March 21, 2008. Examiner Flood advised the undersigned that it is the Office's position that the application was properly abandoned by the Office and invited the undersigned to petition to revive the application.

The undersigned does not agree that the application was properly abandoned because an apparently complete response to the last action, *i.e.*, a Notice of Non-Compliant Amendment mailed on May 11, 2007, was timely filed on June 8, 2007, within the one-month time period set for response. The right to petition the Office to

Notwithstanding the foregoing, an amendment was filed on April 17, 2008 in connection with pending U.S. Application Serial No. 10/185,388 ("'388 application") adding the claims of the above-identified application to the '388 application solely to expedite the examination and prosecution of the subject matter of the claims of the above-identified application. The above-identified application is a continuation of the '388 application.
